

Bending Roll, hydraulic
Fabr: DAVI, Model: MCO 2024
Stock No.: 8450

Technical specification:

Country of origin	Italy
Year of manufacture	2008
Max. length of plate	2000 mm
Max. plate thickness	16 mm
Number of rolls	3 pcs
Upper roll diameter	245 mm
Lower roll diameter	245 mm
Max. pre bending capacity	13 mm
Main motor power	15 HP

Length: 4300 mm

Width: 1500 mm

Height: 1500 mm

Weight: 5200 kg

Equipped with:

Pre-bending, hydraulic
Three roll drive

2.September.2024

Above technical specification with errors and omissions excepted
